Our vision of a healthy school is:

Our goals are:

Our approach to barriers and setbacks is:

Our Wellness Committee philosophy is:

## Our mission

Develop a health philosophy your Wellness Committee believes in, wants to accomplish and that is motivating. Some ideas are: quotes and attainable goals (e.g. drink more water, a smile starts your day, together we are strong). Have some fun with it and use it as branding for the promotion of your wellness initiatives.

Your philosophy should directly relate your goals, beliefs and overall vision.
